Sizes

UK4-14

Range

Safety Gumboots

Colour

Green/Gum

Description

400mmH PVC safety toe gumboot.

BOOT DETAILS

Industry	Food Industry, Fishery, Agriculture
Construction	Injected
Upper Material	PVC
Lining Material	Nylon
Insole	Bloom
Safety Toe Cap	Steel
Midsole	PVC
Outsole	PVC

BOOT FEATURES

Steel Toe Cap

Capable of resisting a drop force of 200 joules to offer premium protection for your toes.

Water Resistant

Resistant to water penetrating the inside of the boot.

Slip Resistant

Designed to meet the slip resistance for standard AS 2210.3:2019 SRA.

Fuel, Oil & Acid Resistant

Designed to meet the fuel, oil & acid resistance for standard AS 2210.3:2019.

Tunnel System

Concave design in the heel of the outsole that helps absorb shock impact, thus relieving pressure on the joints.

Electric Hazard Protection

Designed to significantly minimise the flow electricity to the ground, reducing the possibility of electrocution.

STANDARD CERTIFICATION

- AS 2210.3:2019 SB SRA F0
- ASTM F2413-18 EH Resistant

BLOOM

Our new Bloom foam insoles are made from a sustainable algae-based material that helps to remove harmful algae and reverse the effects of water pollution and rising global temperatures by restoring healthy ecosystems and generating clean water.

The Bloom insole provides a sustainable alternative to non-renewable petroleum-based foams. So with one insole, we are cleaning 7 litres of water and 4 cubic metres of air.

7

Litres of clean water returned to the habitat

4

M³ of air cleaned
